

生物醫學暨環境生物學系112學年度第1學期四年級專題討論(環生組Seminar)題目

學號	學生姓名	篇名	第一作者	期刊名稱	刊登年代
108023027	曾靜妤	Carotenoid intake during early life mediates ontogenetic colour shifts and dynamic colour change during adulthood	Susanne Stückler	Animal Behaviour	2022
109023045	趙家儀	OsRuvBL1a DNA helicase boost salinity and drought tolerance in transgenic indica rice raised by in planta transformation	Shabnam K Saifi	Research Square	2021
109024006	葉晴寧	Species-specific interactions in avian–bryophyte dispersal networks	Matthew W. Chmielewsk	Royal Society Open Science	2022
109023010	魏恩雅	Potassium transporter KUP9 regulates plant response to K ⁺ deficiency and affects carbohydrate allocation in A. thaliana	Marek Šustr	Journal of Plant Physiology	2024
109023041	賴怡瑄	The RolB/RolC homolog from sweet potato promotes early flowering and triggers premature leaf senescence in transgenic Arabidopsis thaliana	Yury Shkryl	Plant Physiology and Biochemistry	2022
109023025	李育芳	Masquerading predators deceive prey by aggressively mimicking bird droppings in a crab spider	Long Yu	Current Zoology	2022
109023017	范羽萱	Culturable keratinophilic fungi isolated from house dust by hair-baiting technique	Nobuo Hamada	International Biodeterioration & Biodegradation	2024
109023205	黃尹萱	Global collision-risk hotspots of marine traffic and the world's largest fish, the whale shark	Freya C. Womersley	Proceedings of the National Academy of Science	2022
109023005	翁苡真	Experimental evidence for clothianidin deposition in feathers of house sparrows after ingestion of sublethal doses treated seeds	S. Humann-Guilleminot	Chemosphere	2023
106023006	李峻宇	沒有報告			
109023024	蔡承彥	Weakly electric fish use self-generated motion to discriminate object shape	Sarah Skeels	Animal Behaviour	2023
109023016	吳昕懋	The hypothermic nature of fungi	Radames J. B. Cordero	Proceedings of the National Academy of Science	2023
109023032	陳榮宏	Three-spined sticklebacks show dimension-specific preferences for shelter	Nick A.R. Jones	Animal Behaviour	2024
109023027	江亭儀	沒有報告			
107023052	吳頤玟	The impact of high temperature on bird responses to alarm calls	Marion Cordonnier	Behavioral Ecology and Sociobiology	2023
109023040	藍育琪	Innovating to solve a novel puzzle: wild Asian elephants vary in their ability to problem solve	Sarah L. Jacobson	Animal Behaviour	2023
